(b) The clerk shall thereupon issue a notice to the garnishee requiring him to appear not later than ten days after the date of service of the notice, and show cause why the conditional judgment shall not be made final. If, after service of such notice, the garnishee fails to appear within the time named and file a verified answer to the summons to the garnishee, or if such notice cannot be served upon the garnishee because he cannot be found within the county where the original summons to such garnishee was served, then in either such event, the clerk shall make the conditional judgment final.

(a) When a garnishee admits in his answer that he is indebted to the defendant, or was indebted to the defendant at the time of service of garnishment process upon him or at some date subsequent thereto, the Clerk of the Court shall enter judgment against the garnishee for the smaller of the two following amounts:

(1) The amount which the garnishee admits that he owes the defendant or has owed the defendant at any time from the date of the service of the garnishment process to the date of answer by the garnishee, or

(2) The full amount for which the plaintiff has prayed judgment against the defendant, together with such amount as in the opinion of the clerk will be sufficient to cover the plaintiff's costs.

Judgment when garnishee admits possession of property of defendant, free of lien.

(b) When a garnishee admits in his answer that he has in his possession personal property belonging to the defendant, with respect to which the garnishee does not claim a lien or other interest, the Clerk of the Court shall enter judgment against the garnishee requiring him to deliver such property to the sheriff, and upon such delivery the garnishee shall be exonerated as to the property so delivered.

Procedure when garnishee admits possession of property of defendant at date process served, not possessed at time of answer.

(c) When a garnishee admits in his answer that, at or subsequent to the date of the service of the garnishment process upon him, he had in his possession property belonging to the defendant, with respect to which the garnishee does not claim a lien or other interest, but that he does not have such property at the time of his answer, the Clerk of the Court shall at a hearing for that purpose determine, upon affidavits filed, the value of such property, unless the plaintiff, the defendant and the garnishee agree as to the value thereof, or unless, prior to the hearing, a jury trial thereon is demanded by one of the parties. (e) When a garnishee alleges in his answer that the debt or the personal property due to be delivered by him to the defendant will become payable or deliverable at a future date, and the plaintiff, within twenty days thereafter, files a reply denying such allegation, the issue thereby raised shall be submitted to and determined by a jury. If it is not denied that the debt owed or the personal property due to be delivered to the defendant will become payable or deliverable at a future date, or if it is so found upon the trial, judgment shall be given against the garnishee which shall require the garnishee at the due date of the indebtedness to pay the plaintiff such an amount as is specified in Subsection (a) of this Section, or at the deliverable date of the personal property to deliver such property to the sheriff in order that it may be sold to satisfy the plaintiff's claim.

(g) With respect to any property of the defendant which the garnishee has in his possession, a garnishee, in answer to a summons to garnishee, may assert any lien or other valid claim amounting to an interest therein. No garnishee shall be compelled to surrender the possession of any property of the defendant upon which the garnishee establishes a lien or other valid claim amounting to an interest therein, which lien or interest attached or was acquired prior to service of the summons to garnishee, and such property only may be sold subject to the garnishee's lien or interest.

(2) When a garnishee files an answer denying that he is indebted to, or has in his possession any property of, the defendant, or was indebted to, or had in his possession any property of, the defendant at the time of the service of the summons upon him or at any time since then, and the plaintiff, within twenty days thereafter, files a reply alleging the contrary.

(b) When a jury finds that the garnishee owes the defendant a specific sum of money or has in his possession property of the defendant of a specific value, or owed the defendant a specific sum of money or had in his possession property of the defendant of a specific value at the time of the service of the summons upon him or at any time since then, the court shall enter judgment against the garnishee for the smaller of the two following amounts:

Judgment when issues determined against garnishee.

(1) The amount specified in the jury's verdict, or

(2) The full amount for which the plaintiff has prayed judgment against the defendant, together with such amount as in the opinion of the clerk will be sufficient to cover the plaintiff's costs.

Sec. 1-440.30. Time of jury trial. All issues arising under Section 1-440.28 or 1-440.29 shall, when a jury trial is demanded by any party, be submitted to and determined by a jury at the same time the principal action is tried, unless the Judge, on motion of any party for good cause shown, orders an earlier trial or a separate trial.

Sec. 1-440.31. Payment to defendant by garnishee. Any garnishee who shall pay to the defendant any debt owed the defendant or deliver to the defendant any property belonging to the defendant, after being served with garnishment process, and while the garnishment proceeding is pending, shall not thereby relieve himself of liability to the plaintiff.

Effect of payment, or delivery of property, to defendant.

Sec. 1-440.32. Execution against garnishee.

Execution against garnishee.

(a) Pursuant to a judgment against a garnishee, execution may be issued against such garnishee prior to judgment against the defendant in the principal action. The court may issue such execution without notice or hearing. All property seized pursuant to such execution shall be held subject to the order of the court pending judgment in the principal action.

(b) The court, pending judgment in the principal action, may permit the property to remain in the garnishee's posses-

sion upon the garnishee's giving a bond in the same manner and on the same conditions as is provided by Section 1-440.39 with respect to the discharge of an attachment by the defendant.

Part 4. Relating to Attached Property

Lien of attachment.

Sec. 1-440.33. When lien of attachment begins; priority of liens.

Docketing of notice of attachment order.

(a) Upon securing the issuance of an order of attachment, a plaintiff may cause notice of the issuance of the order to be filed with the Clerk of the Court of any county in which the plaintiff believes that the defendant has real property which is subject to levy pursuant to such order of attachment. Upon receipt of such notice the clerk shall promptly docket the same on the lis pendens docket.

Notation of levy on real estate on judgment docket; indexing.

(b) When the clerk receives from the sheriff a certificate of levy on real property as provided by Section 1-440.17, the clerk shall promptly note the levy on his judgment docket and index the same. When the levy is thus docketed and indexed,

(1) The lien attaches and relates back to the time of the filing of the notice of lis pendens if the plaintiff has prior to the levy caused notice of the issuance of the order of attachment to be properly entered on the lis pendens docket of the county in which the land lies, as provided by Subsection (a) of this Section.

(2) The lien attaches only from the time of the docketing of the certificate of levy if no entry of the issuance of the order of attachment has been made prior to the levy on the lis pendens docket of the county in which the land lies.

Time when lien attaches as to tangible personal property levied on.

(c) A levy on tangible personal property of the defendant in the hands of the garnishee, when made in the manner provided by Section 1-440.25, creates a lien on the property thus levied on from the time of such levy.

Priority of order of liens of attachment.

(d) If more than one order of attachment is served with respect to property in possession of the defendant or is served upon a garnishee, the priority of the order of the liens is the same as the order in which the attachments were levied, subject to the provisions of Subsection (b) of this Section, relating to the time when a lien of attachment begins with respect to real property.

Simultaneous attachments.

(e) If two or more orders of attachment are served simultaneously, liens attach simultaneously, subject to the provisions of Subsection (b) of this Section, relating to the time when a lien of attachment begins with respect to real property.

(f) If the funds derived from the attachment of property on which liens become effective simultaneously are insufficient to pay the judgments in full of the simultaneously attaching creditors who have liens which began simultaneously, such funds are prorated among such creditors according to the amount of the indebtedness of the defendant to each of them, respectively, as established upon the trial. Prorating of funds when liens effective simultaneously.

(g) If more than one order of attachment is served on a garnishee, the court from which the first order of attachment was issued shall, upon motion of the garnishee or of any of the attaching creditors, make parties to the action all of the attaching creditors who are not already parties thereto in order that any questions of priority among the attaching creditors may be determined in that action and in that court. Sec. 1-440.34. Effect of defendant's death after levy. Effect of defendant's death after levy.

(a) In case of the death of the defendant, after the issuance of an order of attachment and after a levy is made thereunder but before service of summons is had or before an appearance is entered in the principal action, the levy shall remain in force
  (1) If the cause of action set forth by the plaintiff in the principal action is one which survives, and
  (2) If service is completed on the personal representative of the defendant within three months from the date of his qualification.

(b) If a levy has been made upon real property and the defendant dies before such real property is sold pursuant to the attachment, the lien of the attachment shall continue but the judgment may be enforced only through the defendant's personal representative in the regular course of administration.

Sec. 1-440.35. Sheriff's liability for care of attached property; expense of care. The sheriff is liable for the care and custody of personal property levied upon pursuant to an order of attachment just as if he had seized it under execution. Upon demand of the sheriff, the plaintiff shall advance to the sheriff from time to time such amount as may be required to provide the necessary care and to maintain the custody of the attached property. The expense so incurred in caring for and maintaining custody of attached property shall be taxed as part of the costs of the action. Liability of Sheriff for care of attached property. (b) When the defect alleged as grounds for the motion appears upon the face of the record, no issues of fact arise, and the motion is heard and determined upon the record.

Determination upon affidavits in certain cases.

(c) When the defect alleged does not appear upon the face of the record, the motion is heard and determined upon the affidavits filed by the plaintiff and the defendant, unless, prior to the actual commencement of the hearing, a jury trial is demanded in writing by the plaintiff or the defendant. Either the Clerk or the Judge hearing and determining the motion to dissolve the order of attachment shall find the facts upon which his ruling thereon is based. If a jury trial is demanded by either party, the issues involved shall be submitted and determined at the same time the principal action is tried, unless the Judge, on motion of any party for good cause shown, orders an earlier trial or a separate trial.

Stay of order dissolving or modifying attachment order, upon appeal.

Sec. 1-440.38. Stay of order dissolving or modifying an order of attachment. Whenever a plaintiff appeals from an order dissolving or modifying an order of attachment, such order shall be stayed and the attachment lien with respect to all property theretofore attached shall remain in effect until the appeal is finally disposed of. In order to protect the defendant in the event that an order dissolving or modifying an order of attachment is affirmed on appeal, the court from whose order the appeal is taken may, in its discretion, require the plaintiff to execute and deposit with the Clerk an additional bond with sufficient surety and in an amount deemed adequate by the court to indemnify the defendant against all losses which he may suffer on account of the continuation of the lien of the attachment pending the determination of the appeal.

(1) If it is made to appear to the satisfaction of the court by affidavit that the property attached is of a greater value than the amount claimed by the plaintiff, the court shall require a bond in double the amount of the judgment prayed for by the plaintiff, and the condition of such bond shall be that if judgment is rendered against the defendant, the defendant will pay to the plaintiff the amount of the judgment and all costs that the defendant may be ordered to pay, the surety's liability, however, to be limited to the amount of the bond. Amount and condition of bond when property of greater value than claim.

(2) If it is made to appear to the satisfaction of the court by affidavit that the property attached is of less value than the amount claimed by the plaintiff, the court shall, upon affidavits filed, determine the value thereof and shall require a bond in double the amount of such value, and the condition of the bond shall be that if judgment is rendered against the defendant, the defendant will pay to the plaintiff an amount equal to the value of such property. Amount and condition of bond when property of less value than claim.

(c) If a bond is filed as provided in Subsection (b) of this Section, all property of such defendant then remaining in the possession of the sheriff pursuant to such attachment, including, but not by way of limitation, money collected and the proceeds of sales, shall be delivered to the defendant and shall thereafter be free from the attachment. Delivery of property to defendant free of attachment.

(d) The discharge of an attachment as provided by this Section does not bar the defendant from exercising any right provided by Sections 1-440.36, 1-440.37 or 1-440.40. Other rights of defendant not barred.

Sec. 1-440.40. Defendant's objection to bond or surety. Defendant's objection to bond or surety.

Sec. 1-440.42. Plaintiff's objection to bond or surety; failure to comply with order to furnish increased or new bond.

(a) At any time before judgment in the principal action, on motion of the plaintiff, the Clerk or Judge may, if he deems it necessary in order to provide adequate protection, require an increase in the amount of the bond previously given by or required of any defendant, garnishee or intervenor.

(b) At any time before judgment in the principal action the plaintiff may except to any surety upon any bond given by any defendant, garnishee or intervenor pursuant to the provisions of this Article, in which case the surety shall be required to justify, and the procedure with respect thereto shall be as is prescribed for the justification of bail in arrest and bail proceedings.

Effect of failure to comply with order increasing bond.

(c) Upon failure of a defendant, garnishee or intervenor to comply with an order requiring an increase in the amount of a bond previously given, or upon failure to comply with an order requiring a new bond when the surety on the previous bond is unsatisfactory, the court may, in addition to any other action with respect thereto, issue an order of attachment directing the sheriff to seize and take into his possession property released upon the giving of the previous bond, if the person failing to comply with the order still has possession of the same. Such property when retaken into his possession by the sheriff shall be subject to all the provisions of this Article relating to attached property.

Remedies of third person claiming attached property or interest therein.

Sec. 1-440.43. Remedies of third person claiming attached property or interest therein. Any person other than the defendant who claims property which has been attached, or any person who has acquired a lien upon or an interest in such property, whether such lien or interest is acquired prior to or subsequent to the attachment, may

Sale of attached property prior to judgment.

Sec. 1-440.44. When attached property to be sold before judgment.

(a) The sheriff shall apply to the Clerk or to the Judge for authority to sell property, or any share or interest therein, seized pursuant to an order of attachment,
  (1) If the property is perishable, or
  (2) If the property is not perishable, but
    a. Will materially deteriorate in value pending litigation, or
    b. Will likely cost more than one-fifth of its value to keep pending a final determination of the action, and
    c. Is not discharged from the attachment lien in the manner provided by Section 1-440.39 within ten days after the seizure thereof.

(b) If the court so orders, the property described in Subsection (a) of this Section shall thereupon be sold under the direction of the court unless the discharge of the same is secured by the defendant or other person interested therein, in the manner provided by Section 1-440.39, prior to such sale. The proceeds of such sale shall be liable for any judgment obtained in the principal action and shall be retained by the sheriff to await such judgment.

(a) If judgment is entered for the plaintiff in the principal action, the Sheriff shall satisfy such judgment out of money collected by him or paid to him in the attachment proceeding or out of property attached by him as follows:

Application of money in Sheriff's hands.

(1) After paying the costs of the action, he shall apply on the judgment as much of the balance of the money in his hands as may be necessary to satisfy the judgment.

Legislative intent; construction of Chapter.

48-1. Legislative intent; construction of Chapter. The General Assembly hereby declares as a matter of legislative policy with respect to adoption that

Primary purpose.

(1) The primary purpose of this Chapter is to protect children from unnecessary separation from parents who might give them good homes and loving care, to protect them from adoption by persons unfit to have the responsibility of their care and rearing, and to protect them from interference, long after they have become properly adjusted in their adoptive homes, by natural parents who may have some legal claim because of a defect in the adoption procedure.

Secondary purpose.

(2) The secondary purpose of this Chapter is to protect the natural parents from hurried decisions, made under strain and anxiety, to give up a child, and to protect foster parents from assuming responsibility for a child about whose heredity or mental or physical condition they know nothing, and to prevent later disturbance of their relationship to the child by natural parents whose legal rights have not been fully protected.

Liberal construction of Act in interest of child.

(3) When the interest of a child and those of an adult are in conflict, such conflict should be resolved in favor of the child; and to that end this Chapter should be liberally construed.

Definitions.

48-2. Definitions. In this Chapter, unless the context or subject matter otherwise requires

"Adult person."

(1) "Adult person" means any person who has attained the age of twenty-one years.

(c) *Provided further,* that the petitioner or petitioners shall have resided in North Carolina for one year next preceding the filing of the petition.

Prospects of further accomplishments in developing port facilities.

WHEREAS, the members of said State Ports Authority have likewise, after many conferences with Federal authorities in Washington and elsewhere, developed a reasonable prospect for acquiring the Wilmington Shipyards for terminal and other purposes, all of which has been done without even having funds available for postage, stationery, telephone or telegraphic expense, or for any other purpose; and

(1) That it shall be the duty of every common carrier by motor vehicle to provide safe and adequate service, equipment, and facilities for the transportation of property in intrastate commerce; to establish, observe, and enforce just and reasonable regulations and practices relating thereto, and to the manner and method of presenting, marking, packing and delivering property for transportation in intrastate commerce, the facilities for such transportation, and all other matters relating to or connected with the transportation of property in intrastate commerce.

In case of joint rates and charges between common carriers of

any class or kind whatsoever, it shall be the duty of the carriers parties thereto to establish just and reasonable regulations and practices in connection therewith, and just, reasonable, and equitable divisions thereof as between the carriers participating therein, which shall not unduly prefer or prejudice any of such participating carriers. Upon investigation and for good cause, the Commission may, in its discretion, prohibit the establishment of joint rates or service.

(3) That all charges made for services rendered or to be rendered by any common carrier by motor vehicle in the transportation of property in intrastate commerce or in connection therewith, shall be just and reasonable, and every unjust and unreasonable charge for such service, or any part thereof, is prohibited and declared to be unlawful. It shall be unlawful for any common carrier by motor vehicle engaged in intrastate commerce to make, give, or cause any undue or unreasonable preference or advantage to any particular person, place, locality, territory, or description of traffic, in any respect whatsoever, or to subject any particular person, place, locality, territory, or description of traffic, to any unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever; *provided, however,* that this paragraph shall not be construed to apply to discriminations, prejudices, or disadvantage to the traffic of any other carrier of whatever description.

(4) That any person, organization, or body politic may make complaint in writing to the Commission that any such rate, charge, classification, rule, regulation, or practice in effect or proposed to be put into effect, is or will be in violation of this Section or of Section 25. Whenever, after hearing, upon complaint or in an investigation on its own initiative, the Commission shall be of the opinion that any individual or joint rate or charge, demanded, charged, or collected by any common carrier or carriers by motor vehicle, or by any such common carrier or carriers in conjunction with any common carrier or carriers by railroad and/or express and/or water, for transportation of property in intrastate commerce, or any classification, rule, regulation, or practice whatsoever of such carrier or carriers affecting such rate or charge or the value of the service thereunder, is or will be unjust or unreasonable or unjustly discriminatory or unduly preferential or unduly prejudicial, it shall determine and prescribe the lawful rate or charge, or the minimum or maximum, or the minimum and maximum rate or charge thereafter to be observed, or the lawful classification, rule, regulation, or practice thereafter to be made effective.

its own initiative the Commission is of the opinion that the divisions of joint rates or charges applicable to the transportation of property in intrastate commerce by common carriers by motor vehicle or by such carriers in conjunction with common carriers by railroad and/or express and/or water, are or will be unjust, unreasonable, inequitable or unduly preferential or prejudicial as between the carriers parties thereto (whether agreed upon by such carriers or any of them or otherwise established), the Commission shall by order prescribe the just, reasonable, and equitable division thereof to be received by the several carriers; and in cases where the joint rate or charge was established pursuant to a finding or order of the Commission and the divisions thereof are found by it to have been unjust, unreasonable, or inequitable or unduly preferential or prejudicial, the Commission may also by order determine what would have been the just, reasonable, and equitable divisions thereof to be received by the several carriers and require adjustment to be made in accordance therewith. The order of the Commission may require the adjustment of divisions between the carriers in accordance with the order from the date of filing the complaint or entry of order of investigation or such other dates subsequent as the Commission finds justified, and in the case of joint rates prescribed by the Commission, the order as to divisions may be made effective as a part of the original order.

Power of Commission to conduct hearings as to lawfulness of rates, rules, practices.

(6) Whenever there shall be filed with the Commission any schedule stating a new individual or joint rate, charge, or classification for the transportation of property in intrastate commerce by any common carrier or carriers by motor vehicle or by any such carrier or carriers in conjunction with the common carrier or carriers by railroad and/or express and/or water, or any rule, regulation, or practice affecting such rate or charge or the value of the service thereunder, the Commission is hereby authorized and empowered upon complaint of any interested party or upon its own initiative at once, and, if it so orders, without answer or other formal pleading by the interested carrier or carriers, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate or charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon, the Commission, by filing such schedule and delivering to the carrier or carriers affected thereby a statement in writing of its reason for such suspension, may from time to time suspend the operation of such schedule and defer the use of such rate or charge, or such rule, regulation, or practice, but not for a longer period in the aggregate than 180 days beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the rate, charge, classification, rule, regulation, or practice goes into effect, the Commission may make such

order with respect thereto as would be proper in a proceeding instituted after it had become effective. Burden of proof.

(7) That in the exercise of its power to prescribe just and reasonable rates and charges for the transportation of property in intrastate commerce by common carriers by motor vehicle, and classifications, regulations, and practices relating thereto, the Commission shall give due consideration, among other factors, to the inherent advantages of transportation by such carriers; to the effect of rates upon movement of traffic by the carrier or carriers for which rates are prescribed; to the need in the public interest of adequate and efficient transportation service by such carriers at the lowest cost consistent with the furnishing of such service; to the need of revenues sufficient to enable such carriers under honest, economical, and efficient management to provide such service.

Any tariff so rejected by the Commission shall be void and its use shall be unlawful.

(4) That no common carrier by motor vehicle shall charge or demand or collect or receive a greater or less or different compensation for the transportation of property in intrastate commerce or for any service in connection therewith between points enumerated in such tariff than the rates, and charges, specified in the tariffs in effect at the time; and no such carrier shall refund or remit in any manner or by any device, directly or indirectly, or through any agent or otherwise, any portion of the rates or charges so specified, or to extend to any person any privilege or facilities for transportation of property in intrastate commerce except such as are specified in its tariffs.

Refunds, rebates, not in accord with tariff, prohibited.

Notice required with respect to changes in tariffs.

(5) That no change shall be made in any rate, charge, or classification, or any rule, regulation, or practice affecting such rate, charge or classification, or the value of the service thereunder, specified in any effective tariff of a common carrier by motor vehicle except after 30 days' notice of the proposed change filed and posted in accordance with this Section. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. The Commission may, in its discretion and for good cause shown, allow such change upon notice less than that herein specified or modify the requirements of this Section with respect to the posting and filing of tariffs, either in specific instances or by general order applicable to special or peculiar circumstances or conditions.

Power of Commission to modify notice and filing requirements.

(1) That it shall be the duty of every contract carrier to

establish and observe reasonable minimum rates and charges for any service rendered or to be rendered in the transportation of property or in connection therewith, and to establish and observe reasonable regulations and practices to be applied in connection with said reasonable minimum rates and charges. It shall be the duty of every contract carrier to file with the Commission, publish, and keep open for public inspection, in the form and manner prescribed by the Commission, schedules containing the minimum rates or charges of such carrier actually maintained and charged for the transportation of property in intrastate commerce, and any rule, regulation, or practice affecting such rates or charges and the value of the service thereunder. No such contract carrier, unless otherwise provided by this Act, shall engage in the transportation of property in intrastate commerce unless the minimum charges for such transportation by said carrier have been published, filed, and posted in accordance with the provisions of this Act. No reduction shall be made in any such charge either directly or by means of any change in any rule, regulation, or practice affecting such charge or the value of service thereunder, except after 30 days notice of the proposed change filed in the aforesaid form and manner, but the Commission may, in its discretion and for good cause shown, allow such change upon less notice, or modify the requirements of this paragraph with respect to posting and filing of such schedules, either in particular instances or by general order applicable to special or peculiar circumstances or conditions. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. No such carrier shall demand, charge, or collect a less compensation for such transportation than the charges filed in accordance with this paragraph, as affected by any rule, regulation, or practice so filed, or as may be prescribed by the Commission from time to time, and it shall be unlawful for any such carrier, by the furnishing of special services, facilities, or privileges, or by any other device whatsoever, to charge, accept, or receive less than the minimum charges so filed or prescribed; *provided*, that any such carrier or carriers, or any class or group thereof, may apply to the Commission for relief from the provisions of this paragraph, and the Commission may, after hearing, grant such relief to such extent and for such time, and in such manner as in its judgment is consistent with the public interest and the transportation policy declared in this Act.

Such minimum rate or charge, or such rule, regulation, or practice, so prescribed by the Commission, shall give no advantage or preference to any such carrier in competition with any common carrier by motor vehicle subject to this Act, which the Commission may find to be undue or inconsistent with the public interest and the transportation policy declared in this Act, and the Commission shall give due consideration to the cost of the services rendered by such carriers, and to the effect of such minimum rate or charge, or such rule, regulation, or practice, upon the movement of traffic by such carriers. All complaints shall state fully the facts complained of and the reasons for such complaint and shall be made under oath.

(3) That whenever there shall be filed with the Commission by any such contract carrier any schedule stating a charge for a new service or a reduced charge, directly or by means of any rule, regulation, or practice, for the transportation of property in intrastate commerce, the Commission is hereby authorized and empowered upon complaint of interested parties or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested party, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the Commission, by filing with such schedule and delivering to the carrier affected thereby a statement in writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such charge, or such rule, regulation, or practice, but not for a longer period in the aggregate than 180 days beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the charge, or rule, regulation, or practice goes into effect, the Commission may make such order with reference thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed change in any charge or rule, regulation, or practice shall go into effect at the end of such period. SEC. 28. Accounts, Records, and Reports.

Powers of Commission to require reports.

(1) That the Commission is hereby authorized to require annual, periodical, or special reports from all motor carriers, and lessors (as defined in this Section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers, and lessors specific and full, true, and correct answers to all questions upon which the Commission may deem information to be necessary. Such annual reports shall give an account of the affairs of the carrier, or lessor, in such form and detail as may be prescribed by the Commission. The Commission may also require any motor carrier to file with it a true copy of any contract, agreement, or arrangement between such carrier and any other carrier or person in relation to any traffic affected by the provisions of this Act. Power of Commission to regulate depreciation charges and practices, under operating expenses.

(3) That the Commission may prescribe for motor carriers the classes of property for which depreciation charges may properly be included under operating expenses, and the rate or rates of depreciation which shall be charged with respect to each of such classes of property, classifying the carriers as it may deem proper for this purpose. The Commission may, when it deems necessary, modify the classes and rates so prescribed. ty commissioners shall, by general rule, prescribe, by filing with the officer or commission from whom the appeal is taken and with the board of county commissioners a notice of appeal specifying the grounds thereof. The officer or commission from whom the appeal is taken shall forthwith transmit to the board of county commissioners all papers constituting the record upon which the action appealed from was taken. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer or commission from whom the appeal is taken certifies to the board of county commissioners after the notice of appeal shall have been filed with it, that by reason of facts stated in the certificate to stay would, in his or its opinion, cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the board of county commissioners or by a court of record on application, on notice to the officer or commission from whom the appeal is taken and for proper cause shown. The board of county commissioners shall fix a reasonable time for the hearing of the appeal and give due notice thereof to the parties, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney. The board of county commissioners may reverse or affirm, in whole or in part, or may modify, any order, requirement, decision or determination appealed from, and shall make such order, requirement, decision or determination as in its opinion ought to be made in the premises, and to that end shall have all the powers of the officer or commission from whom the appeal is taken.

SEC. 5. Labeling. Labeling.

(a) Any commercial fertilizer offered for sale, sold, or distributed in this State in bags, barrels, or other containers shall have placed on or affixed to the container the net weight and the data in written or printed form, required by paragraph (a), with the exception of item (5), of Section 4 printed either (1) on tags to be affixed to the end of the package or (2) directly on the package. In case the brand name appears on the package, the grade shall also appear on the package, immediately preceding the guaranteed analysis or as a part of the brand name. The size of the type of numerals indicating the grade on the container shall not be less than 2 inches in height for containers of 100 pounds or more; not less 1 inch for containers of 50 and 99 pounds; and not less than ½ inch for packages of less than 50 pounds. In case of fertilizers sold in containers on which the brand or other designations of the distributor do not appear, the grade must appear in a manner prescribed by the commissioner on tags attached to the container.

(b) If transported in bulk, the net weight and the data, in written or printed form, as required by paragraph (a), with the exception of item (5), of Section 4 shall accompany delivery and be supplied to the purchaser.

SEC. 6. Inspection Fee. Inspection fees.

(a) For the purpose of defraying expenses on the inspection and of otherwise determining the value of commercial fertilizers in this State, there shall be paid to the Department of Agriculture a charge of twenty-five cents per ton or one cent for each individual package containing fifty pounds net or less and more than five pounds of such commercial fertilizers, which

charge shall be paid before a delivery is made to agents, dealers, or consumers in this State. Each bag, barrel, or other container of commercial fertilizer shall have attached thereto a tag to be furnished by the Department of Agriculture stating that all charges specified in this Section have been paid, and the commissioner, with the advice and consent of the Board of Agriculture is hereby empowered to prescribe a form for such tags, and to adopt such regulations as will insure the enforcement of this law. Whenever any manufacturer of commercial fertilizer shall have paid the charges required by this Section his goods shall not be liable to further tax, whether by city, town or county: *Provided,* this shall not exempt the commercial fertilizers from an ad valorem tax.

The composite sample taken from any lot of commercial fertilizer under the provision of this paragraph shall be placed in a tight container and shall be forwarded to the commissioner with proper identification marks. Use of core sampler; method of taking samples.

(4) The commissioner may modify the provisions of this Section to bring them into conformity with any changes that may hereafter be made in the official methods of and recommendations for sampling commercial fertilizers which shall have been adopted by the Association of Official Agricultural Chemists or by the Association of American Fertilizer Control Officials. Thereafter, such methods and recommendations shall be used in all sampling done in connection with the administration of this Act in lieu of those prescribed in items (1), (2), and (3) of this Section. Modification of sampling provisions by Commissioner.

(5) All samples taken under the provisions of this Section shall be taken from original unbroken bags or containers, the contents of which have not been damaged by exposure, water or otherwise. Samples taken from original unbroken bags.

H. R. 751 RESOLUTION 24

A JOINT RESOLUTION PROVIDING FOR THE APPOINTMENT OF A COMMISSION TO STUDY AND REPORT UPON THE PROBLEM OF PUBLIC-LOCAL AND PRIVATE LEGISLATION BY THE GENERAL ASSEMBLY.

Preamble:

Resolution in 1937 appointing commission to study problem of local and private legislation.

WHEREAS, the General Assembly of 1937 adopted a joint Resolution entitled, "A Joint Resolution Providing for the Appointment of a Commission to Study and Report to the Next General Assembly upon the Advisability of Extending Article Two, Section Twenty-nine, of the Constitution so as to Further Relieve the Legislature of the Necessity of Enacting Special, Public-Local and Private Laws"; and

Membership of commission.

WHEREAS, such a Commission was appointed consisting of Messrs. James A. Bell, chairman, Joseph T. Carruthers, Jr., J. B. Eure, James G. Hanes, Patrick Healy, Jr., Charles M. Johnson and H. P. Taylor, and the Commission submitted a report to the General Assembly of 1939, which contained, among other things, the following:

Report to 1939 General Assembly

"IV. RECOMMENDED ACTION

"A study of this report will at least demonstrate that the problem of local legislation is not a simple one. It requires technical and continuous study for an extended period of time. The Commission, therefore, begs to report as follows:

Study devoted to proposed amendment to Constitution.

"First: That the members of the Commission, since their appointment by the Governor, have given all available time possible to the study of a proposed amendment to the Constitution that would carry out the purpose of Resolution 40 of the General Assembly of 1937, but the Commission regrets to report that they have not been able to devise such amendment as is satisfactory to the Commission, and would, as they believe, successfully accomplish the purpose of the resolution in the restriction of local legislation without possibly invading the liberty and duty of the legislature in matters of proper legislative consideration.

Commission unable to devise satisfactory amendment.

"Second: The study of the problem by your Commission has induced the conclusion that a better approach to the problem of restricting local legislation would be in the appointment of a Commission to codify the subjects of state-wide and uniform interest, such as now embodied in Article II, Section 29, of the Constitution, and in addition to such, the general statutes pertaining to counties and municipalities, crimes and punishments, civil and criminal procedure, schools and education, election and game laws, and such like subjects of general interest and uniform application throughout the state.

Suggested approach to problem.

Commission to codify state-wide subjects and local subjects, suggested.

"Third: That upon the completion of such codification of the general statutes, and the subjects of uniform legislation, an amendment to Article II, Section 29, of the Constitution should then be proposed that would prohibit the General Assembly from the enactment of legislation upon these subjects when and where the power to grant the relief or do the act proposed is delegated or granted under such general statutes, or vested in the counties, cities, or governmental sub-divisions of the state, or any amendments to such general statutes that might be thereafter adopted by the General Assembly applicable thereto.

Following codification, amendment to Constitution proposed.

Nature of proposed amendment.

"Fourth: That your Commission is fully convinced of the great importance of the purpose and intent of the resolution to limit and restrict local legislation, and does earnestly recommend to the General Assembly the appointment of a code commission to codify, or re-codify, the general statutes of the State pertaining to the subjects above mentioned and of like character, together with a new commission to study and work out amendments to the constitution that would eliminate the great body of unnecessary local and special legislation, and at the same time not restrict the powers of the legislature to enact useful and necessary legislation for special and local purposes.

Appointment of code commission recommended.

"Fifth: The Commission will recommend such appropriation for purposes covering the necessary and reasonable expenses in the codification of the laws, and the work of the committee on the constitutional amendment, and is of the firm conviction that the saving to the State in the time and expense of the legislature would many times justify the investment." And

Appropriation for expenses of codification, recommended.

WHEREAS, the recommendations of the Commission have never been acted upon, and a great part of the time of the

Recommendations never acted upon.

General Assembly is still consumed in the consideration of Public-Local and Private Laws;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Creation of Commission on Public-Local and Private Legislation.

SECTION 1. Creation of Commission; membership. There is hereby created a Commission to be known as the Commission on Public-Local and Private Legislation. The Commission shall consist of seven members, who shall be appointed as follows:

(2) To recommend such general laws covering matters which are usually or frequently embraced in Public-Local or Private Laws as it may deem proper, and to prepare proper bills therefor.

(4) To prepare such other recommendations with respect to the problem of Public-Local and Private Legislation as it may deem proper.

(5) To submit its report to the Governor not later than December 1st, 1948, for submission to the 1949 General Assembly, the report to include such bills and any such amendment to the Constitution as the Commission may recommend.

such times and at such place or places as the Commission itself may designate. A majority of the members of the Commission shall constitute a quorum. The Commission shall elect its chairman, vice chairman and secretary. The secretary need not be a member of the Commission. Quorum. Officers.

SEC. 4. Vacancies in membership of Commission. If any vacancy occurs in the membership of the Commission, such vacancy shall be filled by appointment by the official making the original appointment, any vacancy in the membership appointed from the House of Representatives to be filled by appointment of another member of the House, and any vacancy in the membership appointed from the Senate to be filled by appointment of another Member of the Senate.
